

BIOSCIENCES INITIATIVE 2019 RFA

Scientific Research Initiative proposals invited to full submission:

Application

Single Cell Spatial Analysis Program

Engineering Cell Programmable Biomaterials for Dental and Musculoskeletal Health

Cooperation via Competition: how selfish genetic elements drive cellular innovation

Center for Developmental Origins of Health and Disease

Technological Innovations in Brain Cancer

Center for Computational Microbiology and Medicine

PI

Dr. Evan Keller

Dr. David Kohn

Dr. Jacob Mueller

Dr. Louise O'Brien

Dr. Steven Schwendeman

Dr. Angela Violi
